ELITECAD QUANTITY SURVEYING

Intensive training for ELITECAD users who have completed our workshop ELITECAD Architecture 1

Using extensive example projects, you will learn about the functionality of quantity surveying in ELITECAD.

OVERVIEW

Prev. experience: Previous experience in ELITECAD as learnt in the workshop ELITECAD Architecture 1

Duration: One full day from 9 a.m. to 5 p.m. (incl. 1 hour lunch break)

Equipment: Course documents will be provided for free at the beginning of the workshop. You will work on your own laptop with a free ELITECAD AR14 demo version pre-installed by you. The system requirements are available here. Upon request we can provide a workstation or an additional screen. Please announce if equipment is needed in the registration form.

Organiser: XEOMETRIC GmbH
Hamoderstr. 4 | 4020 Linz | Austria

Other locations upon request: office@xeometric.com

Registration: Please register via the online form

Price: 390,00 Euro / person plus VAT*

*Due before the workshop. Free cancelation until 5 days before the workshop, otherwise full amount is due.
