

ELITECAD VISUALISATION

Intensive training for users with completed workshop ELITECAD Architecture 1 or ELITECAD Mechanics 1

Based on an extensive example project we show you how to efficiently and impressively visualize your 3D model with ELITECAD.

OVERVIEW

Prev. experience: ELITECAD experience from workshop ELITECAD Architecture 1 or ELITECAD Mechanics 1

Duration: One full day from 9 a.m. to 5 p.m. (incl. 1 hour lunch break)

Equipment: Course documents will be provided for free at the beginning of the workshop. You will work on your own laptop with a free demo version of [ELITECAD AR14](#) or [ELITECAD ME14](#) pre-installed by yourself. The system requirements are available [here](#). Upon request we can provide a workstation or an additional screen. Please announce if equipment is needed in the registration form.

Organiser: XEOMETRIC GmbH
Hamoderstr. 4 | 4020 Linz | Austria

Other locations upon request: office@xeometric.com

Registration: Please register via the [online form](#)

Price: 390,00 Euro / person plus VAT*

*Due before the workshop. Free cancellation until 5 days before the workshop, otherwise full amount is due.
